

ANNEX E – ARTICLE IN SINGAPORE PAPERS ON THE FACT THAT SIA PLANES HAVE A WELL-EQUIPPED FIRST AID KIT TO HANDLE ANY EMERGENCY SITUATION

BOUQUETS

SIA CREW EFFICIENT, COOL IN EMERGENCY

I WAS flying back from Singapore to Sydney recently on a Singapore Airlines flight when I was called to assist a fellow passenger who was ill.

I am writing to commend the amazing professionalism displayed by the cabin crew, especially inflight supervisor Andre Lionel Yong. They kept their cool while rendering help efficiently. I was also highly impressed by the medical kit carried on board, which had a neatly arranged assortment of drugs and equipment.
